# PROBLEM

The current IPAMS suffers from the issue of files becoming dormant due a poor user interface (UI), which leads to decreased usability and inefficiency in the system.

Lack of descriptive labels in the system which makes it challenging for the user to understand the system.

The system's interface fails to offer a user-friendly workflow.

# PROBLEM

# MODULE 10: UPLOADS

## SUBMITTING A PROPOSAL

### RECORD TYPE

- Select record type

### RECORD DETAILS

- Provide a record details

### AUTHORS AND CATEGORIES

- Select record type
- Select Record Proposal classification

### UPLOAD

- Upload Record Proposal File
- Submit record proposal by clicking the confirm button

### SUBMISSION FORM

- Show Licensing Agreement
- Provide Owners and advisers
- Accept License Agreement
- Click confirm to submit record proposal

# MODULE DECOMPOSITION

# MODULE 06: MY RECORDS

## VIEWING THE SUBMITTED PROPOSAL

### MY RECORDS TAB

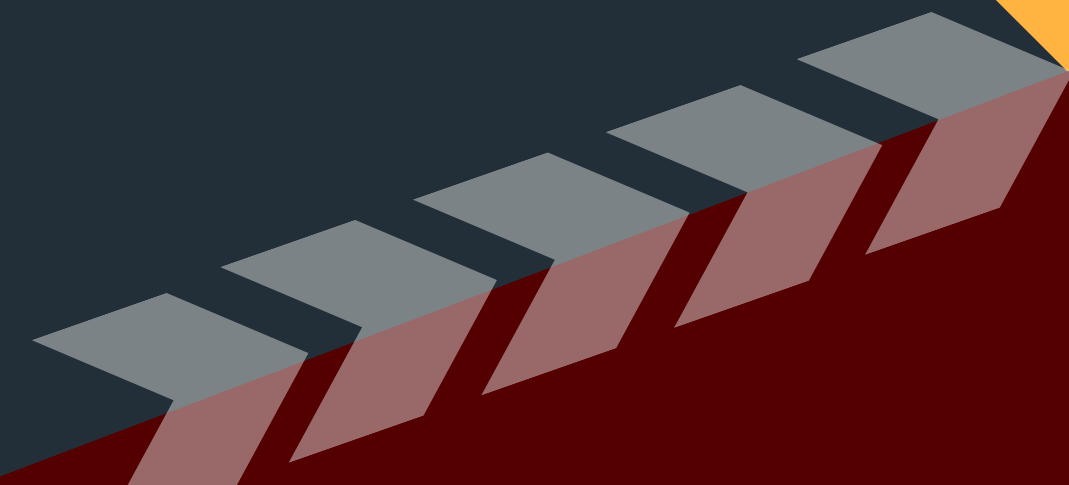

- Click to view all owner's submitted record
